Tavola 1 - Indicatori statistici elementari utilizzati per il calcolo degli indici compositi relativi all'Unione europea e loro polarità (il segno "+" indica che un aumento dell'indicatore elementare contribuisce a far crescere e migliorare l'indice composito, il segno "-" segnala un contributo negativo all'andamento di quest'ultimo)

Indicatore	Polarit
GOAL 1	
People at risk of poverty after social transfers	-
Severely materially deprived people	-
People living in households with very low work intensity	-
In work at-risk-of-poverty rate	-
Population living in a dwelling with a leaking roof, damp walls, floors or foundation or rot in window frames of floor	-
GOAL 2 —	
Gross value added of the agricultural industry	+
Agricultural factor income per annual work unit	+
Government support to agricultural research and development	+
Area under organic farming	+
Ammonia emissions from agriculture	-
Harmonised risk indicator for pesticides	_
Consumption of inorganic fertilizers	-
GOAL 3 -√/•	
Road traffic deaths	-
Standardised preventable and treatable mortality	-
Life expectancy	+
Infant mortality rate	-
Smoking prevalence	-
Vaccination against influenza	+
Self-reported unmet need for medical care	-
Hospital beds	+
GOAL 4 🔰	
Early leavers from education and training	_
Participation in early childhood education	+
	4
Adult participation in learning	+
Adult participation in learning Tertiary educational attainment	+
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science	
Adult participation in learning Tertiary educational attainment	+
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science	+
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   GOAL 5	-
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments	+
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments  Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction	+ + + +
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments  Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction  Inactive female population due to caring responsibilities	+ + + + -
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments  Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction lnactive female population due to caring responsibilities  Female employment rate	+ + + + + +
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments  Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction  Inactive female population due to caring responsibilities  Female employment rate  Gender pay gap	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments  Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction lnactive female population due to caring responsibilities  Female employment rate	+ + + + + +
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction Inactive female population due to caring responsibilities Female employment rate Gender pay gap Positions held by women in senior management positions	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction Inactive female population due to caring responsibilities Female employment rate Gender pay gap Positions held by women in senior management positions  GOAL 6	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction Inactive female population due to caring responsibilities Female employment rate Gender pay gap Positions held by women in senior management positions  GOAL 6  Population having neither a bath, nor a shower, nor indoor flushing toilet in their household	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction Inactive female population due to caring responsibilities Female employment rate Gender pay gap Positions held by women in senior management positions  GOAL 6  Population having neither a bath, nor a shower, nor indoor flushing toilet in their household Population connected to at least secondary waste water treatment	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction Inactive female population due to caring responsibilities Female employment rate Gender pay gap Positions held by women in senior management positions  GOAL 6  Population having neither a bath, nor a shower, nor indoor flushing toilet in their household	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning  Tertiary educational attainment  Underachievement in reading, maths and science  At most lower secondary educational attainment  GOAL 5 ©  Seats held by women in national parliaments  Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction linactive female population due to caring responsibilities  Female employment rate  Gender pay gap  Positions held by women in senior management positions  GOAL 6 ©  Population having neither a bath, nor a shower, nor indoor flushing toilet in their household  Population connected to at least secondary waste water treatment  Water exploitation index	+ + + + + + + + + + + + + + + + + + + +
Adult participation in learning Tertiary educational attainment Underachievement in reading, maths and science At most lower secondary educational attainment  GOAL 5   Seats held by women in national parliaments Female graduates in tertiary education: science, math, computing, engineering, manufacturing, construction Inactive female population due to caring responsibilities Female employment rate Gender pay gap Positions held by women in senior management positions  GOAL 6  Population having neither a bath, nor a shower, nor indoor flushing toilet in their household Population connected to at least secondary waste water treatment	+ + + + + + + + + + + + + + + + + + + +

GOAL 8 🞢	
Real GDP per capita	+
Investment share of GDP	+
Adjusted gross disposable income of households per capita	+
Young people neither in employment nor in education and training  Employment rate	- +
Long-term unemployment rate	-
Share of involuntary part-time employment	-
People killed in accidents at work	-
GOAL 9 🚓	
Share of rail and inland waterways activity in total freight transport	+
Share of busses and trains in total passenger transport	+
High-speed internet coverage	+
Air emissions intensities from industry	-
Enterprises that provided training to develop/upgrade ICT skills of their personnel	+
Gross domestic expenditure on R&D	+
Human resources in science and technology	+
R&D personnel	+
GOAL 10 (€)	
•	_
Income distribution Income share of the bottom 40 % of the population	+
Ratio between rural and urban graduation rate	+
Ratio between ron EU citizen and EU citizen income poverty rate after social transfers	
Ratio between youth (15-29) and total (15-64) employment rate	+
GOAL 11 A	
Exposure to air pollution PM10	_
Use of cars for passenger transport	-
Overcrowding rate	-
GOAL 12 CO	
Resource productivity	+
Material consumption	-
Circular material use rate	+
Share of electric cars	+
Generation of waste	-
Recycling rate of municipal waste	+
GOAL 13 🚱	
Greenhouse gas emissions	-
Greenhouse gas emissions	
GOAL 15 👱	
Share of forest area	+
Surface of terrestrial sites designated under Natura 2000	+
Soil sealing	-
Soil sealing index	-
GOAL 16 💃	
GOAL 16 Yes	-
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area	-
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions	- - +
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index	+
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites	
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration	+ + -
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration Prisons overcrowding	+ +
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration	+ + -
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration Prisons overcrowding Percentage of pre-trial prisoners over total prisoners	+ +
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration Prisons overcrowding Percentage of pre-trial prisoners over total prisoners  GOAL 17	+ +
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration Prisons overcrowding Percentage of pre-trial prisoners over total prisoners  GOAL 17  Official development assistance as share of gross national income	+ + +
Standardised death rate due to homicide Population reporting occurrence of crime, violence or vandalism in their area Population with confidence in EU istitutions Corruption Perceptions Index E-government activities of individuals via websites Civil and commercial litigious cases duration Prisons overcrowding Percentage of pre-trial prisoners over total prisoners  GOAL 17	+ +
